I have come to believe that a great teacher is a great artist and that they are as few as there are any other great artists. Teaching might even be the greatest of the arts since the medium is the human mind and spirit. -John Steinbeck

National Library Workers Day
celebrated during
National Library Week...April 13-17, 2009

April 14th - National Library Workers Day

Do something special for the people that work to keep the library media center running smoothly. So many ways to celebrate not only Library Week itself but the people who make libraries special. Try one or two of the following:

- Bring in cupcakes
- Make an announcement over the PA
- Put up a bulletin board
- Make tent notes for your tables
- Have students make cards or bookmarks
- Get more ideas at <http://www.ala-apa.org/about/ideas.html>
- Let everyone know about your stellar library staff! By going to the ALA website and nominating them. Nominations may come from library users, students, children, colleagues, faculty, or management. Spread the word. Nominate a great student worker, and aide, and assistant, or yourself! Go to <http://www.alsapa.org/about/nlwdstarsform.html>

Math Awareness Month is held each year in April. Be sure to take advantage of our vast variety of resources available to stream or borrow from the media library.
