GEORGE WASHINGTON'S TEETH V2653
KPI 9 minutes\color 2004

From battling toothaches while fighting the British, to have rotten teeth removed by his dentists, the Father of His Country suffered all his life with tooth problems. Yet, contrary to popular belief, George Washington never had a set of wooden teeth. Starting at the age of twenty-four, he lost on average a tooth a year, and by the time he was elected President, he had only two left! In this reverentially funny tale based on Washington's letters, diaries, and other historical records, readers will find out what really happened as they follow the trail of lost teeth to complete "tooflessness." Book by Deborah Chandra & Madeleine Comora.

AMERICA'S JOURNEY THROUGH SLAVERY: HARRIET TUBMAN AND HER ESCAPE TO FREEDOM DVD1277

PI 14 minutes\color 2008

Millions of enslaved African-American men, women and children lived in the United States less than 200 years ago. During that period of American history, many brave men and women attempted to escape to freedom. Harriet Tubman overcame incredible odds and succeeded not only in gaining freedom for herself, but for over 300 other enslaved people. Through re-enactments and animated maps, this program chronicles her life and demonstrates her courage as a conductor of the Underground Railroad.

AMERICA'S JOURNEY THROUGH SLAVERY: ABRAHAM LINCOLN, THE GREAT EMANCIPATOR DVD1278
PI 14 minutes\color 2008

In 1861, the Civil War was a conflict that threatened to permanently divide the United States. Without President Abraham Lincoln's leadership, courage and determination to maintain the Union, our country may have ceased to exist. From his childhood in Kentucky, to his election as President and his outspoken views against slavery, this program chronicles his life through re-enactments and archival photographs.
