

OCTOBER 2009 Media Etc.

BOCES MEDIA TECHNOLOGY SERVICES

Website: www.oneida-boces.org/media
Web/MAX: webmax.oneida-boces.org

Every teacher in our database has access to digital media and digital sound recordings through their WebMAX

account. Just click on DM and/or DS and hit "go" and you will see several thousand titles at your finger tips. EdVideo Online from public television (WCNY Syracuse) and Learn 360 are loaded in our online catalog. You only need to log into Web/MAX - one login, one password to access all the resources available to you through BOCES Media Technology Services. We will also facilitate training in your school district. Please contact Media Technology Services at 793-8514 if you want to schedule training or have any questions.

FYI - When you login to webmax make sure it is actually your account. If you have a common name like Smith, Brown, etc., you could be logged on as someone else, do all your booking and then wonder why you didn't get your media. Be sure to look at the top of the page and that it has **your name** and **your building** to be delivered to. If not, give us a call and we will look up your login.

Happy Halloween

A NEW YEAR OF TEEN KID NEWS!

You are just a click away from viewing our current events news service. The button for Teen Kids News is right on the search page of Web/MAX, online catalog. Every week a new episode. Check it out!

*All trainings will be held in our Training Lab at 502 Court Street, Utica

"One looks back with appreciation to the brilliant teachers, but with gratitude to those who touched our human feelings. The curriculum is so much necessary raw material, but warmth is the vital element for the growing plant and for the soul of the child." ~Carl Jung

Reminder - Preview Media

Please Preview! Annotations in our catalog are included as a guide to selection. However, since materials are purchased to meet a variety of educational needs, it is recommended that **ALL MATERIALS BE**

Timely Return of Media Library Resources

As we have begun the new year, we ask you to remember that media is used heavily, even as the school year starts, and materials begin flying in and out of the Media Services. We cannot emphasize enough how **CRITICAL** it is for users to return materials on the dates specified on the shipping labels OR that they contact the Media Services office to ask about an extension. You may contact anyone of the staff via phone or email or go online to WebMAX and check the availability there. When materials are not returned on time, the NEXT requestor is impacted. Please be courteous and check into extending the due date so no one ends up without media when they need it for their lesson. This way, everybody wins. Thank you!

Colonial Williamsburg 2009-2010 Electronic Field Trip Series - Visit PBS to Learn More

Congratulations to Ann Marley, an Oneida BOCES teacher at Sauquoit, the winner of a free Colonial Williamsburg Field Trip. These electronic field trips are excellent tools for teaching American history, meeting state standards for history education, engaging students in the heritage of America, and developing participating citizens in the ongoing American experiment in democracy. While viewing the electronic field trips is free to all who receive our broadcast signal, teachers can elect to subscribe to the series or individual programs to allow their students to participate live and to receive addition resources. There will be one electronic field trip each month from October 2009 to April 2010. To find out more information please visit wcny.org. We also have become a broadcast partner with Colonial Williamsburg and as each field trip is aired we will then be able make it available to teacheres as a digital media title. We do not have rights to make DVDs only to stream the programs. Logon to WebMAX to stream the programs.

E-mail Us!

If you have any questions or comments, ideas or just would like to schedule media, please feel free to E-mail us!
