Give Web/MAX a Try!

-Make technology part of your classroom - go to our online catalog - webmax.oneida-boces.org. We have over 200,000 resources available in our library both print and non-print, analog and digital. Browse, search, book, and preview video online. It is the best way to search for and request items. It is updated on a daily basis so you can see the newest materials added to the library.

-Organize, manage, and plan using BOCES Media Library resources. Create experiences for your students through digital audio-visual resources.

-Enrich the learning experience with media, create opportunities for students to read, write and communicate their own experiences.

-We want students who are engaged, demonstrating elevated levels of enthusiasm, excitement, motivation and participation.

****Attention New Teachers****

You may call 793-8514 or email Theresa at tvanhatten@oneida-boces.org to set up a new account in Web/MAX. She will also create an account in EdVideo Online and Learn360 so you can access all the digital materials available to you as a teacher.

****Changes, Changes****

If you have changed buildings, school district or your name, please contact Theresa VanHatten ASAP. Your location must be correct or you will not get media that is transported by courier. The location will be incorrect in our database. We appreciate your cooperation.

****High School Teachers****

If you want to have students access digital materials or videos in Web/MAX we can create student accounts. There is a wealth of curriculum materials appropriate for high school students. Please contact Dorothy Snow at 793-8516 or email dsnow@oneida-boces.org.

The true teacher defends his pupils against his own personal influence. He inspires self-distrust. He guides their eyes from himself to the spirit that quickens him. He will have no disciple.
~Amos Bronson Alcott
