## Earthquake Map (Answer Key)

1. What color on the map shows the most recent earthquake?

*The most recent earthquake is in red on the map.*

2. According to the map, on what date did this earthquake happen?

*This earthquake happened on December 23, 2003.*

3. Based on this map, which of these four cities (Madera, Paso Robles, Hollister, or Salinas) would be the safest place to live and why?

*The safest place to live would be Madera as it is farthest away from the earthquake and faults.*
