

***Program and Professional Development
Hosts***

**Geographic Information System
Regional User's Program**

The Program and Professional Development Center recently hosted a **Geographic Information System Regional User's Program**. This meeting was attended by approximately 40 community members, local agencies and businesses, and school districts. The focus of this meeting was to introduce GIS and discuss how to promote it in our schools. This group meets quarterly and is in the process of forming a separate committee to look into Grant opportunities. Anyone interested in joining or looking for more information on GIS should contact Emily Pring, Grant Writer at Oneida BOCES, Program & Professional Development Center or call 223-4721.
