Re: College Scholarship Directory

The Oneida SABA Program is in the process of compiling information for a Local Scholarship Directory. We would like to include information about all the scholarships that are available to students in the Mohawk Valley. The Scholarship Directory will be a resource for local students and guidance counselors. The scholarships can either be specific to students from one school district or the scholarships can be available to students throughout the Mohawk Valley Region.

If you would like information about your scholarships included in this scholarship directory, please complete the attached form and return to the SABA Office. This is a free service.

As we compile the scholarship information, we will be adding the scholarship directory as a separate category to the web site. Students will be able to access scholarship information by clicking a specific college and also by category (ie. community service, employment, affiliation, etc.).

Thank you for your help and thank you also for the scholarships you give to our young people. As you know, these scholarship investments have a tremendously high return.
