What past attendees have said about this training:

"...an eye-opening experience for me. The services that are provided by the Oneida-Herkimer BOCES cohort are amazing and I look forward to learning how to utilize these services to benefit my staff and students. I highly recommend this training because there will be something that you can take back and put into immediate use." -Brian Coleman, Little Falls Principal

"As an administrator new to the area, it gave me a strong sense of what's available to our district. I've already been able to talk with several WCVE teachers about what I learned; one of our first grade teachers has already ordered guided reading books for their grade level for the year." - Ann Maher, WCVE Principal

"The Administrators' Training offered by OHM BOCES informs me about new technologies and provides me with ideas for professional development at our faculty meetings." -Lisa A. Garofalo,
