

United Way

A contribution to the United Way is an investment into your community. United Way takes the greatest thought, strategy and care into ensuring your gift has the most profound and meaningful impact.

The OHM BOCES has a tradition of being there for our community in times of crisis. In 2010-11, during one of the most fiscally stressed times in our nation's history, 11% of our employees contributed to the United Way. Let's do it again in 2020-21 and show that we are better together!

Did you know?

Through your investment in the United Way, you are making this community a stronger and safer place to live and improving the lives of local people.

Q: What is United Way?

A: *United Way of the Mohawk Valley is an independent nonprofit organization governed by local volunteers representing the community, bringing people and organizations together. United Way acts as a catalyst for positive change, helping to create and build the resources necessary to improve the quality of life for those who live and work in our area.*

Q: How does United Way serve the community?

A: *United Way of the Mohawk Valley supports health and human service providers through its strength in raising funds and effectively investing them, through the investment of volunteer resources and by building community collaboratives and partnerships. United Way is the single largest funding stream supporting human services in the Mohawk Valley. UWVM's Campaign provides financial support for 50 local programs.*

Q: What kind of agencies does United Way Support?

A: *The agencies supported by the United Way provide a variety of critical services to the community, including food, shelter and emergency services, child care and family support, health care services, care for the elderly, assisting people with disabilities and youth development.*

Q: Who is eligible for the United Way Services?

A: *Services supported by the United Way of the Mohawk Valley are available to the people who live and/or work in the Mohawk Valley.*
