

Oneida/Herkimer BOCES School Library System

Coordinator's Report Wednesday, January 10, 2018

1. Element 1 - RESOURCE SHARING: CCD, Union Catalog (ILL & EILL), VRL, Delivery

- a. CCD – Between November 30 and January 10th 76 units were order. To date, 135 units processed so far this year
- b. ILL/EILL – steady stream of requests
- c. Union Catalog (CIDER) – Met with Harry Chan; working on a union catalog for eresources,
- d. VRL- need to set a committee and meeting time; early spring
- e. Delivery- courier, new driver
- f. Overdrive- Content restriction problems- ideas for keeping up with that?
- g. Database information- Changed name to eResources to expand our offerings

When a district requests us to add a software/database to our service we need it to fall under one of the following

- 1) *It is a vendor who is part of the SCORE Consortium*
- 2) *It is a database that could fall in the library/curriculum domain*
- 3) *It is on the Erie 1 Contract*
- 4) *We have another district who is interested in purchasing the product*

Additionally, our service includes price negotiation and support. Districts can request us to find pricing and licensing information for them but we cannot support pricing that we haven't secured. We also provide support and therefore need to be selective with the products we support. We add a nominal administrative service charge to the pricing we secure.
