

United Way

A contribution to United Way is an investment into your community. United Way takes the greatest thought, strategy and care into ensuring your gift has the most profound and meaningful impact.

Many things have changed about our world in the past two years, but our ability to make a difference in the Mohawk Valley and greater Utica area remains the same. That is why we are excited to invite you to once again help improve the health, education and financial stability of every person in our community with the United Way of the Mohawk Valley.

Together, all of us at the Oneida-Herkimer-Madison BOCES can take action today that will help create better tomorrows for our neighbors in need.
